

Reborn

Lyrics by Norihiko Hibino

Tonight my soul departs
from chaotic days

Tonight my story starts
to change my ways

I feel my inner urge
burning inside

Tonight I'll go beyond
the rev limit

I'm reborn tonight

Burning Away

Lyrics by Norihiko Hibino

"the more I wanna feel the ecstasy"
"the more I wanna feel the real deal"

Wanna feel the thrill of joy
Wanna feel the ecstasy oh yeah
Tonight the overflowing torque
Let it flow, I need more & more

I don't wanna hear the words of fantasy
Cause I live in the moment of one-off alone

the more, the more I wanna feel the ecstasy
that is the fuel for my fire oh yeah

I don't wanna see the sunlight in daybreak
Cause I drive in the moment of one-off alone

the more, the more I wanna feel the real deal
I will have my depressed soul burning away

Burning away, my depressed soul...

I'm Here For You

Lyrics by Norihiko Hibino

I'm here for you
to bring you peace

I'm here for you
holding hope

all my love
is flowing to you
just like the stream
from a spring

I'm here for you
to start a new day

I'm here for you
to bring you joy

Every moment will be
a beautiful piece of life

I'm here for you
to bring you peace

I'm here for you
holding hope

all my love
is flowing to you
just like the stream
from never stopping,
eternal springs of life

You are the only one
in my sight, in my heart

There'd be no one
besides you

So I will pray

So I will pray for you
rejoicing every moment,
every heartbeat
every second, every smile
I will pray, I will pray,
I will pray, I will pray,
I will pray

Peace be with you
Peace be with you

Love And Gold

Lyrics by Norihiko Hibino

Come on with me, baby my love
My burning vibe is flowing in my arms yeah
Come in my dream, baby my love
Turn your fear into the fire

Crazy feelin' all night long
Non-stop desire all day long
Wait no more, get on your way
You know the time is now

Love and Gold, shining bright
All the beauty is ahead of my sight
On your mark, never wanna miss
You get'em all, wanna have them all!

Take on me now, baby my love
Your tender heart is calling on my soul yeah
Give me your lips, baby my love
Turn your tear into the sparkle

Crazy feelin' all night long
Non-stop desire all day long
Wait no more, get on your way
You know the time is now

Love and Gold, shining bright
All the beauty is ahead of my sight
On your mark, never wanna miss
You get'em all, wanna have them all!

The Time Is Over

Lyrics by Norihiko Hibino

Silver And Gold

Lyrics by SAK.

[Male]

So many times
I've been through all miracles
So many times
I felt an extraordinary thrill
Surely you would know
If you're super serious

Never thought this moment
would come again
Reminds me of the heat of flame
The way I feel, never used to be
There's no turning back

[Female]

In your heart I can see the flame
coming to its very end

I realize you know it so well
the time is over
You've been searching for
the reason
You've been searching for
the reason
to stop this never ending race

The only one night chance
Fades away when the day dawns
Here at the highest speed
All things seem
As in a dream

No matter how precious
Things on earth don't last long
But memories of you never die
And always shine

Silver and gold

I heard your voice from deep inside
While I drove on
The feeling of unity
Was given to me
And made me strong

I used to go always behind
Your long shadow
But I'll turn the wheel
From this time on
All on my own

The smile you showed this little kid
I found it's worth more than anything
The days when you were here
Are worth much more than
Silver and gold

[対訳]

一夜限りのチャンスは
夜明けとともに消えてゆく
最高速の この場所 瞬間
何もかも
夢のように思える

どんな高価なものも
この世のものは 長くは続かないけれど
貴方の思い出は けて絶えることなく
そして いつまでも輝く

銀色のスーブラと
金色に煌めく貴方との思い出

心の奥深くから 貴方の声が聴こえた
走り続けていると
一体感をオレに与えて
強くしてくれた

いつだって 貴方の
長い影の後ろを 行っていた
だけどこれからは ハンドルを切っている
オレ一人でも

こんなガキのオレに見せてくれた貴方の笑顔
それが何よりも価値のあるものと分かったんだ
貴方がここにいてくれた日々は
金銀よりも
ずっと 貴い

Love My Own Life

Lyrics by SAK.

I used to think my life was just like a
rootless flower
I used to waste my time and
I was like tires worn out
But I am no longer like those
'cause you gave me the power
Now that the world has turned around
I wanna say
I wanna know more

This is my life, this is my song
Gotta go, you showed me the way
Everything's clear, everything's new
Gotta floor it, I won't be afraid

I may be a fool, may not be good
People may not be on my side
But it's okay, I chose this way
Gotta live and love my own life

This is the life I live. This is the song I sing
This is the dance I dance. This is the beat I drum
This is the step I take. This is the time to start
This is myself. So let's step on it

This is the life I live. This is the song I sing
This is the dance I dance. This is the beat I drum
This is the step I take. This is the time to start
This is...

[対訳]

あたしの人生なんて
根のない花みたいなものだと思ってた
無駄な時間を過ごして
擦り減ったタイヤみたいになってた
だけでもうそんな自分じゃない
あなたがパワーをくれたから
今はもう世界が一変したから
言いたい
もっと知りたいの

これがあたしの人生 これがあたしの歌
進んでいかなくちゃ あなたが道を示してくれた
なにもかもはつきりと なにもかも新しく見える
アクセルめいっぱい踏んでこう コワくなんかない

バカかもしれない ダメかもしれない
誰も味方してくれないかもしれないけど
大丈夫 あたしがこの道を選んだから
あたしはあたしの人生を 生きて 愛していくの

これがあたしの人生 これがあたしの歌
これがあたしのダンス これがあたしのビート
これがあたしの一步 ここが始まりのとき
これがあたし自身 さあ アクセル踏んでこう
